KING OSCAR DIED YESTERDAY

Aged Ruler of Sweden Expires
in Palace at Stockholm.

THE END CAME PEACEFULLY

Whole Country Bowed With Grief
Over the Death of Beloved Monarch.
Crown Prince Gustave Sworn in as
His Father's Successor.

Stockholm, Dec. 9.—Oscar II, king of Sweden, is dead. The death of the venerable monarch occurred in the royal apartment of the palace, where, surrounded by the members of his family, including the aged queen, Sophia, and the crown prince, Oscar Gustave, and high ministers of state, the inevitable end had been awaited, while outside the palace great crowds stood with bowed heads and tearful eyes long after the announcement came of the death of their well loved sovereign.

In the death chamber knelt the heart-broken queen, and gathered about her were her children, grandchildren and great grandchildren, praying for strength to bear their great affliction. The church bells began to toll and the minute guns boomed. All Sweden mourned its great loss.

Takes the Oath of Office.

King Gustave V. took the oath of office before the cabinet and court assembled in the grand gallery. The oath was administered by Minister Lindman. Then the princes of the blood swore allegiance to the king, who embraced and kissed him, giving his favorite brother, the giant Carl, a hearty slap on his back.

This ceremony being concluded, the cabinet resigned, but the king begged the ministers to remain at their posts and assist him as they had so ably assisted his father. They acceded to his request and took the oath of office. King Gustave read his proclamation and announced his motto, "With the people for the fatherland." After the officers of the army and navy and the civil officials had taken the oath, a cabinet meeting was held behind closed doors.

There was a memorial service later in the palace chapel, which was attended by the whole royal family with the exception of Queen Sophia and the new queen, formerly Crown Princess Victoria, who is on her way here from the continent. The members of the diplomatic corps, the high officers of the army and the navy and the court and high civil officials also were present in the chapel, where the service consisted of that of the Lutheran church, simple and solemn in form, with the slinging of psalms and a sympathetic sermon.

No national mourning will be proclaimed. All the theaters will open again with the exception of the Royal opera.

Publishes a Proclamation.

Gustave V. has published a proclamation addressed to the administrative and ecclesiastical authorities, informing them of his accession to the throne and a further proclamation addressed to the people of Sweden in which he refers in eulogistic terms to their late sovereign.

The death of King Oscar is not to be followed by any serious disturbance of Sweden's political conditions. The venerable monarch had been slowly failing for many months past and last January he experienced an illness that at the time was expected to end fatally. All precautions had been taken for the orderly passage of power to the hands of his able son and successor, Oscar Gustave Adolph.

Oscar II, king of Sweden and previous to 1905 king of Sweden and Norway, was born Jan. 21, 1829. He was the third son of King Oscar I and of Queen Josephine, daughter of Prince Eugene of Lichtenburg and a grandson of Marshal Bernadotte. Oscar II succeeded to the throne at the death of his brother, King Carl XV., Sept. 18, 1872. He was married June 6, 1857, to Queen Sophia, born July 9, 1836, daughter of the late Duke William of Nassau. Four children survive King Oscar—Crown Prince Gustave, Prince Oscar Bernadotte, Prince Carl and Prince Eugene.

Unconscious When Death Came.

The last hours of the expiring monarch were passed in unconsciousness, and up to the end he gave no sign of recognizing those about him. The queen was grief-stricken because he could not bid her farewell. For twenty-four hours the king had remained in a comatose condition. At times there were faint signs of conscious perceptions as the attending physicians brought some temporary relief to the patient sufferer. But their ministrations were without avail and they held out no hope beyond a promise to keep the spark of life burning for yet a few hours.

Several hours before the end came the gentlemen of the king's court were aroused and ordered to appear at once in the bed chamber. The premier and foreign minister and the highest court officials, together with all the members of the king's family, assembled there and remained at his side until the end came.

In the palace courtyard, in the dim cold grey mist of the morning, stood a crowd of schoolboys, King Oscar's most devoted friends. Here they stood for hours, blue and shivering, watching the palace flagstaff. There, also, gathered many old men and women in gowns, such as the king had always stopped to comfort with mild words and generous alms when he met them in the parks or streets, their faces tear-stained because their beloved king and benefactor was dying. WILL REOPEN MINES

Employers at Goldfield Will
Hire Nonunion Men.

TROOPS IN THE GOLD CAMP

United States Regulars on Hand to
Preserve Order—Sheriffs Office Will
Not Co-Operate With Federal Forces
in Event of Trouble.

Goldfield, Nev., Dec. 9.—Captain William Cox, the representative of Governor Sparks in Goldfield, stated that he had information from the Mine Owners' association that an attempt will be made during the week to reopen the mines with nonunion men. This information has been communicated to the governor and is in the hands of Colonel Alfred Reynolds, commanding the federal troops now encamped in this city. Officials of the Mine Owners' association refuse to say positively that such is the case, but every indication points to the fact that Wednesday next has been decided on as the day when the attempt will be made to put men in the mines to pump out the water that is fast filling the lower levels. If there is to be a clash between the members of the Western Federation of Miners and the soldiers of Uncle Sam, it will come at that time.

There are now nine companies of troops here, the second detachment from Monterey having gone into permanent camp on Combination hill, within 300 yards of the mill of the Goldfield Consolidated company. The first detachment which came from San Francisco remains in the camp established in the northwestern part of the city, a mile and a half from the nearest mine.

Colonel Reynolds, commanding all of the troops here, refuses to say whether he will detail soldiers to patrol the mines when the attempt is made to reopen, but merely states that the troops are here to preserve order, and that they are prepared to handle the situation.

Sheriff Ingalls of Esmeralda county, in which Goldfield is located, has gone away to some distant mines and the sheriff's office is in the hands of Under Sheriff Bert Knight, who asserts that he is amply able to handle any crisis that may arise from the attempt to reopen the mines.

He has sworn in a dozen deputies. He characterizes the statements made by the mine owners that the union men are arming themselves and preparing to make trouble, as false. There will be no co-operation between the local officers and the troops in the event of any trouble.

THREE PERISH IN FIRE.

Mother and Her Two Children Burned
to Death.

Boston, Dec. 9.—Three persons were burned to death and another was injured during a fire at 24 Lagrange street. The dead are:

Mrs. Mary Joubert, thirty-eight; Charles Joubert, nine; Emilie Joubert, five.

When discovered the fire had filled the block with smoke. Several men passing kept the men at the windows from jumping until a blanket had been secured.

Peter Joubert jumped into the blanket, which gave way and his leg was broken. Later two other men were saved by jumping into life nets. Searching the building the firemen found the bodies of Mrs. Joubert and her two children. All had been badly burned.

STEAMERS IN COLLISION.

Dutch Vessel Beached and Her Captain
and Six Seamen Drowned.

London, Dec. 9.—Heavy gales in the channel and the dislocation of the cross-channel traffic resulted in a disastrous collision off Folkestone between the Dutch steamer Scheldestroom and the British bark Forfarshire. The Scheldestroom was badly damaged and ran for Folkestone, where she was beached. The captain of the Dutch vessel, together with ten of the crew, entered a boat, which was driven on the rocks and wrecked. Seven of the men, including the captain, were drowned. Those who remained aboard the steamer were saved. The Forfarshire was able to proceed.

Auto Kills a Woman.

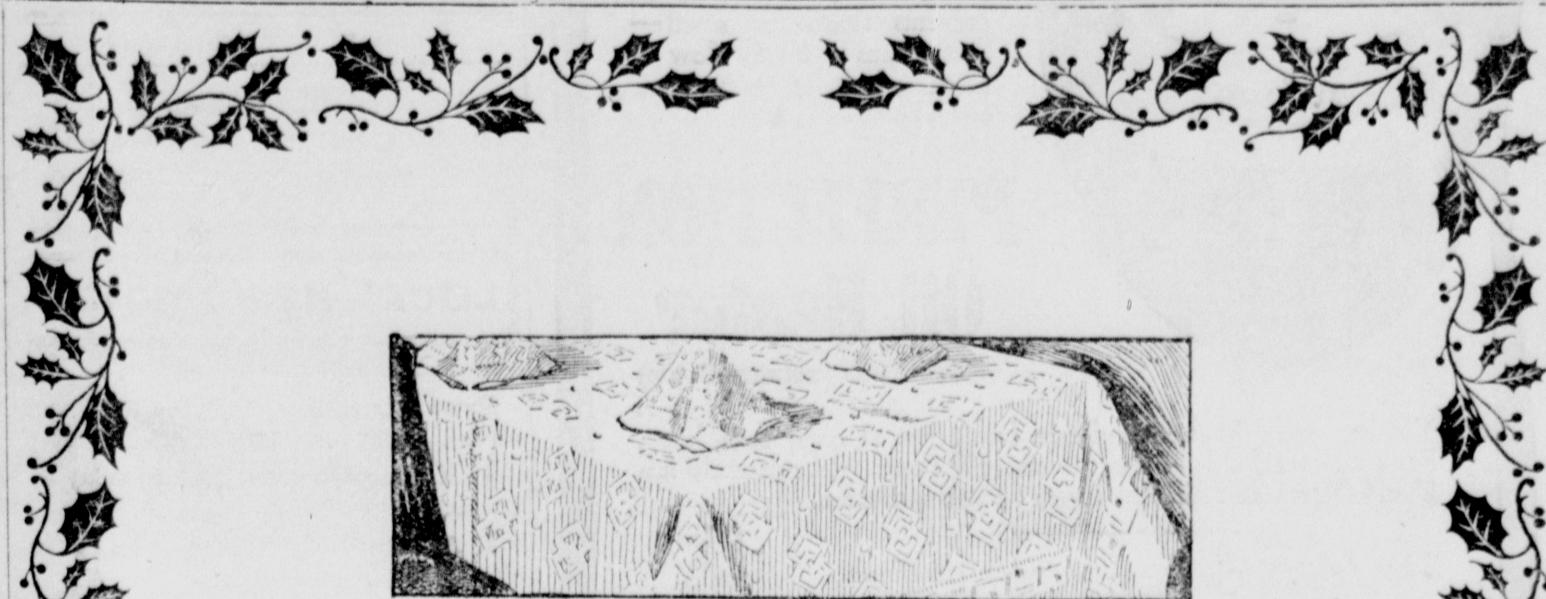

New York, Dec. 9.—An unmanageable automobile backed over an embankment onto the New York Central railroad tracks near Mount Hope and overturned, killing Mrs. Carrie Clark of this city and slightly injuring two others.

Factory Building Burned.

New York, Dec. 9.—A stubborn fire destroyed a seven-story factory building on Penwick street, occupied by seven manufacturing firms. An adjoining five-story factory building was partly burned. The loss is estimated at \$200,000.

First Boarder—Don't you always have a stuffy feeling in this house?

A nice piece of table linen is a gift that is not soon forgotten. It reminds the recipient of it of your kindness for many a day—yes, years. We are showing a beautiful line of pattern cloths with napkins to match—cloths with borders on both sides and each end, and sets for the same price as the cloths by the yard. These cloths come in a very large variety of patterns and in a number of good qualities. Consider these things when making up your Christmas lists.

RETURN OF CONFIDENCE.

Indicated by Events in the Financial World.

New York, Dec. 9.—The events of the past week in the financial world have been such as usually mark the gradual return of confidence and the restoration of normal conditions in the banks. The decision of the secretary of the treasury to issue only about \$40,000,000 of the \$150,000,000 in new securities which he expressed a willingness to issue if conditions required, the disclosure of unusually strong reserves by country banks reporting to the controller of the currency, the decline in the currency premium and the improvement in the New York bank statement, have all been features of the week which have tended towards stability and reassurance. The action of the secretary of the treasury in limiting the issues of securities was a part of the original plan recommended to him to meet the situation by a resolute and adequate measure, but to carry the execution of the measure no farther than circumstances required. The result of limiting the issue of the Panama 2 per cent bonds to \$25,000,000 and the one-year treasury certificates to about \$15,000,000 will be to considerably simplify the problem of treasury management and money market conditions during the spring.

Will Be a Plethora of Money.

It is anticipated by far-sighted bankers here that there will be a plethora of money soon instead of a dearth and that it will be necessary to reduce in some way the large volume of currency which has been brought into use during the crisis. The increase in money in circulation outside the treasury, as shown by the monthly statement of trade for November, was \$131,872,887. Of this amount the increase in gold in the country is computed at about \$72,000,000, including domestic production as well as importation from abroad. The other principal form of increase is in bank circulation, in which an increase of \$7,533,521 was obtained by the disbursement of bank notes held in the treasury cash and \$46,237,730 was obtained by actual increase in the notes issued by the comptroller and outstanding. There have been fears in some quarters that if anything approximating \$100,000,000 in new bank notes were issued upon the securities of the new one-year certificates, the resulting inflation would expel gold in large amounts after the credits established by the crop movement were exhausted.

Funeral of Secretary Taft's Mother.

Cincinnati, Dec. 9.—Funeral services over the body of Mrs. Louisa M. Taft, mother of Secretary of War Taft, who died Sunday at Millbury, Mass., will be held at the residence of her stepson, Ex-Congressman Charles P. Taft, sometime on Thursday.

Republican National Convention.

Washington, Dec. 9.—The official call for the Republican national convention, to be held in Chicago on June 16, next, has been issued. It is signed by Chairman Harry S. New and Secretary Elmer Dover of the Republican national committee.

Marshal Killed by a Negro.

Midville, Ga., Dec. 9.—Marshal Brinson was killed here by a negro. The negro had done something for which the officer reproved him, and summoned him to appear in court. The negro drew a revolver and shot Brinson three times and he died in a few minutes. The negro fled to the swamp and escaped. A special train with a sheriff's posse and bloodhounds left Millen, Ga., for the scene.

Want Law Enforced in St. Paul.

St. Paul, Dec. 9.—Taking the broad ground that all laws should be enforced, the executive committee of the St. Paul Christian Endeavor union ordered the appointment of a committee to send a letter to Attorney General E. T. Young demanding the enforcement of the 11 o'clock saloon closing law, with the request that action be commenced against St. Paul officers for refusing to enforce that law.

EMBEZZLEMENT CHARGED.

Warrants Sworn Out for California Financiers.

San Francisco, Dec. 9.—J. Dalzell Brown, a prominent financier of this city and general manager of the California Safe Deposit and Trust company, which closed its doors early in November, has been arrested on the charge of felonious embezzlement. A warrant has also been issued for the arrest of W. J. Barnett, a leading lawyer and a director of the banking company. Officers have gone to Barnett's suburban home to serve the warrant. Brown is in custody pending the securing of a cash bail of \$100,000, or a bond of twice that amount.

Brown and Barnett are accused of having hypothecated securities amounting to the sum of \$300,000 belonging to the Colton estate, of which Barnett was special administrator. The securities were placed in the bank by order of the court one year ago pending settlement of a suit to have Barnett removed.

The California Safe Deposit and Trust company closed its doors early in November, and as the result of a report made by the state bank commission, Governor Gillette ordered Attorney General Webb to institute a suit for the appointment of a receiver. The report of the bank commission showed that the bank's indebtedness was nearly \$9,000,000 and that the bank had a reserve of only \$400,000. The negotiable assets of the bank are placed at \$4,000,000.

It is charged by the commission that the bank flagrantly violated the state banking laws, one violation specified being the acceptance of money when the bank was known to be insolvent.

The Bonaparte Medals.

"Between Marengo and Waterloo there were less than sixteen years, years of no great artistic glory, as we are apt to think, and yet in that short space of time more than 400 medals were struck in honor of the conquering politician and soldier," says Russell Sturgis in Scribner's Magazine. "Nor are they despicable or ugly, those small bronze bas-reliefs! They represent a grade of art which is sufficient for its purposes, a very intelligently organized art of display, and they confirm the impression of those who find that France has risen nearly always to the task set her. During the wars of the revolution the business of the republic under consul or emperor was to hold Europe at bay in thought as well as by arms, and the spirit of the time is well exemplified in the Bonaparte medals."

The real estate firm of Solomon & O'Sullivan had lots for sale in a new suburban addition. O'Sullivan—young, enthusiastic and Irish—was writing the advertisement, the national eloquence flowing from his pen. He urged impending purchasers to seize the passing moment.

"Yes, indeed," replied the lady.

"Well, then," said Tommy, with an air of interest, "I'll be there next Sunday, you bet. I've been layin' for that kid for three weeks and never knew where to find him!"—Ladies' Home Journal.

MUSIC AND DRAMA

Coming Attractions

Dec. 13-14—Alice in Wonderland.
Dec. 16—The Gingerbread Man.

"Alice in Wonderland"

The production of Alice in Wonderland at the opera house Friday and Saturday evenings of this week will doubtless eclipse all the previous efforts at home talent entertainments. Those who have seen the rehearsals express the opinion that it will entirely overshadow all that has preceded it, not excepting the Elks entertainments, the Bachelor Maids or any other attraction which has been produced by home talent in this city. The part of Alice will be taken by Miss Esther Belmuth. Mrs. Geo. D. LaBar will carry the roll of Columbia. Harry Patek is to be King Ruler and W. H. Koop, H. K. Hoorn and Henry Mills, kings. The entire cast of characters will be published probably tomorrow. The costumes are fine and the work of preparation is going on very satisfactorily. There will also be a matinee performance Saturday afternoon for the benefit of the children of the city.

Lucey-DeBonita Combination Tonight

The third number of the Y. M. C. A. lyceum course will be presented at the First Congregational church this evening. It is the Lucey-DeBonita combination, composed of T. Elmore Lucey, poet, monologist and reader, and Signor Francesca DeBonita, a noted harpist, formerly of the Theodore Thomas Orchestra. The entertainment tonight will be a fine one and should be seen by all lovers of dramatic reading and of music. The tickets are put at the uniform price of 50 cents each.

The Gingerbread Man

"The cleanest cut, cleverest and by all means entrancing of all musical comedies, is the way in which some authoritative critics speak of 'The Gingerbread Man,' the new and successful musical comedy fantasia by Ranken and Sloane to be here soon. The cast is an all star one with such names as Evelyn Francis Kellogg, Helen Grey, Marge Savori, Nellie Nice, Fred Nice,

Ross Snow, J. Maurice Holden, Carrick Major, James H. Lichtor, Lute Vrohman and John Sanders as part of the complement; the scenic environment is on an unusually massive scale, while the costumes and chorus have already become famous. The chief characters in 'The Gingerbread Man' are old friends of theatre-goers, and amongst them our friends Simple Simon, Peter Piper, Margery Daw and Kris Kringle. At opera house Dec. 16.

Love Affair Ends in Tragedy.

Washington, Dec. 6.—William White, fifty years old, a married man and a father of six children and a watchman at the pest house, shot and probably fatally wounded Mrs. Annie Moore, thirty-three years old, wife of Walter J. Moore, and the mother of two children, and then shot himself with probably fatal effect. The Moore family had been under quarantine at the pest house where White became acquainted with the woman and the shooting was the result of an illicit love affair.

New York, Dec. 9.—New York, which can usually be depended upon to provide something new and sensational, treated its millions of residents and tens of thousands of weekend visitors to the novelty of a thoroughly "blue" Sunday, the first and probably the last in the history of the metropolis. Few had expected to live to see the day. There have been more or less "dry" Sundays and Sundays without baseball, but the memory of the "oldest inhabitant" failed to recall a Sabbath here when one was compelled to choose between the churches and the parks if he would see or hear something to entertain him.

Incidentally the police department demonstrated that it was equally effective in enforcing obnoxious or popular statutes. The aldermen will meet this week to modify the ordinances so far as their authority goes.

There were few attempts to evade the law following Police Commissioner Bingham's announcement that all Sunday entertainments must cease in accordance with Justice O'Gorman's interpretation of the Sunday closing act. Over in Brooklyn three proprietors of moving picture shows who had gone to the trouble of getting out injunctions restraining the police from interfering with their business, kept open, but with these exceptions, the amusement promoters held to their avowed intention of resting their cases with the people, confident that public opinion would demand a modification of a law which prohibited all sorts of amusement on Sunday.

The effect of the Sunday closing was everywhere apparent. Broadway was deserted except for those who found nothing better to do than to walk the streets. The hush throughout the great white way was painful to ears accustomed to weekday noises and Sunday harmonics.

At the various branches of the Young Men's Christian association the usual Sunday programmes were radically changed. The stereopticon exhibitions illustrating scriptural texts and moving pictures, which have been a feature of the Sunday afternoon meetings, were suspended for the day. The services followed strictly religious lines. Nothing that in any way suggested a diversion was permitted.

Another honored institution which found it necessary to abbreviate its usual programme was the educational alliance, where Sunday lectures and entertainments of an instructive order have long been held. The alliance opened its reading rooms to visitors but no lecture or entertainment was given.

KILLS HIS PARTNER.

Kansas Man Loved the Wife of His Victim.

Iola, Kan., Dec. 9.—William Stewart, proprietor of a restaurant in East Iola, was brutally murdered by W. H. Crevison, his business partner, who has confessed that he killed Stewart because he loved Stewart's wife and wanted to marry her. When Stewart and his wife returned from a theater, Crevison said he was waiting for them at the Stewart residence. Stewart, he said, was very drunk, but Crevison had not been drinking. Crevison said he left the house with Stewart and when they arrived at the railroad track he struck Stewart with a slingshot and inflicted the wounds that killed him. Any one of the seven wounds on Stewart's body would have caused death. The skull was fractured in four places, the jugular vein severed and the trachea twice severed. Mrs. Stewart was arrested, charged with complicity in the murder.

DAKOTA BUSINESS COLLEGE

The Best Business School in America

When we conceived the Great Voting Contest that we are now conducting we determined to offer as prizes, only the best of everything, whether it be pianos or scholarships. After deciding to offer among other prizes, ten scholarships in the best business college we could find, we made careful, systematic inquiry of bankers, mercantile houses and business men regarding the various schools and found the consensus of opinion was that the **Dakota Business College** of Fargo, was the best school of its class in America today, and in the great array of splendid prizes that we are giving away there is not a prize that we take more pride in offering the people. This splendid school offers the young man or woman an opportunity to gain in a comparatively short time, what it has taken a majority of business men a life-time to learn—a practical business education, and there is many a man who will tell you that such an education, would have saved him, if not from total failure, at least from many a hard jolt and the young man who goes out into the live, active business world today, who wishes to succeed, must be equipped with a sound, practical business education.

Such an education you can get in this school.

This is the kind of a business education that this model school offers its students. For thirteen years this college has maintained a high standard of excellence and is recognized as not only the best equipped and most thorough business college in the Northwest, but one of the few leading high class commercial schools in the entire country. Nothing could speak more favorably of this great school than the hundreds of graduates who are filling honorable, responsible and lucrative positions throughout the Northwest. Last year alone, more than 350 pupils of this famous school went to banks and other business offices. There is not a

BANKING DEPARTMENT OF DAKOTA BUSINESS COLLEGE

bank in Fargo that does not employ graduates of this school. We take a great deal of pleasure in talking about this business college for we know what we are talking about, for in handling the mass of detail connected with running a big contest like ours it has required a large force of assistants of more than ordinary keenness and it was necessary to try many before we secured the right people and we will say here that the ones that "made good" are graduates of

THIS MODEL BUSINESS UNIVERSITY

Where a thorough business education is taught—not on theoretical lines, but on thorough, practical business principles—where the boy or girl will, while learning, have the actual experiences that they would have in any bank or mercantile house, and no better business training could be secured in years of practical work than is taught in the **Dakota Business College of Fargo**.

This Great Contest

offers any boy or girl, young man or young woman who really want one of these scholarships—free mind you—an opportunity to get it. We have purchased **ten of these scholarships** and are going to give them to just ten bright persons, and it is up to you whether you have got enough "get up" and "ginger" about you to win one. We'll help you all we can, but you have got to show some ambition and not expect us to hand you one of these splendid scholarships without any effort on your part.

Remember the Contest closes December 31. Get to work now and if you do not know just how to go at it, write or call on the Contest Manager and he will help you in every legitimate way possible.

VISITING MASONS WERE ENTERTAINED

Large Number of Master Masons
Present Saturday Evening to
Greet Visitors

VERY PLEASANT EVENING SPENT

Third Degree Conferred Upon
One Candidate After Which
Lunch Was Served

One of the pleasantest and most significant events in the history of Masonry in Brainerd occurred Saturday evening. The party of Masons from Ft. Frances, Ontario, who came down Saturday morning as the guests of the Minnesota & International railroad were given an opportunity to witness the work of the Master Mason's degree as exemplified in "American" lodges. There were at least 100 members of Aurora Lodge No. 100 present, and a number of visiting brethren besides the especial guests of the evening.

The visitors were introduced to the lodge by Mr. W. H. Gemmell, after which the Master Mason degree was conferred upon Harry Wilson, a pleasant and somewhat unusual feature of the occasion being that his father was present to witness the event.

After the close of the work the lodge was addressed by Charles J. Hollands, of Ft. Frances, Past Deputy Grand master of the jurisdiction of Manitoba, G. A. Stethen, Master of the Ft. Frances lodge, H. J. F. Sissons, an attorney of Ft. Frances and Mr. Trumer, of Minneapolis. The gentlemen all complimented Aurora lodge highly on the work, Mr. Trumer stating that he had attended lodges from Winnipeg to the gulf and from the Atlantic to the Pacific and had never seen the degree as a whole better conferred than it was on that occasion. Worshipful Master J. P. Anderson and Brothers Halsted, Wilson, McLeod and Johnson also spoke briefly.

The addresses were all thoroughly enjoyed, one of the facts especially dwelt upon being that Masonry is not confined to any nationality and that members were brothers the world over whenever or wherever they met. It was the opinion of both visitors and resident masons that the visit had done good not only to the members present but to the two lodges and the communities in which they were located in the way of bringing them in closer touch with each other and giving them a better understanding of one another.

After the close of lodge a dainty lunch was served by the ladies of the

Eastern Star and after a social hour the brethren separated, feeling that it had been a very enjoyable evening.

The Ft. Frances party remained in this city over Sunday, being entertained at the Commercial club and by various lodge members during the afternoon and evening. This forenoon they visited the shops, the tie plant and various other points of interest, returning home this afternoon in the M. & I. official car attached to No. 31.

It is probable that a number of the Brainerd Masons will return the visit early in the coming year.

The members of the party from Ft. Frances request THE DISPATCH through its columns to give public expression to their thanks to Messrs. Gemmell and Strachan and the officers and members of Aurora lodge for the courtesies shown them. The gentlemen also extend a hearty invitation to Brainerd people to visit their town and especially invite Brainerd Masons to visit their lodge whenever possible.

Notice

The electric light committee of the city council, together with the superintendent of electric lights, most earnestly request the users of electric lights, not to burn any more than are necessary, during holiday week. The machines are now carrying 30 per cent overload, and should more lights be added, it would be impossible to keep up the voltage, and will also be apt to burn out the electric machines and cause a shut-down, just when lights are most needed. Should EVERY ONE comply with this request, there will be no difficulty in carrying you through.

It has been reported to THE DISPATCH that in one or more instances there has been violation of the diphtheria quarantine. AN OPEN MEETING

Interesting and Profitable Meeting

Held at the Y. M. C. A. Rooms

Sunday Afternoon

The open meeting for both men and women at the Y. M. C. A. was exceptionally well attended and was an excellent meeting, 160 being present. Mr. W. H. Day, of Chicago and of the International committee of the Y. M. C. A. being here added all the more interest.

Just before Mr. Day's talk on "The Gospel on the Rail," in which he set forth the railroad Y. M. C. A. work, the audience was favored with a violin duet by Misses Rachael Whitford and Effie Drexler. Closing the service was a vocal solo by Miss Lottie White "Face to Face," which was very well rendered and left an excellent impression.

After the meeting the board of directors met for a short session and conference with Mr. Day as to the work and plans here.

This afternoon Mr. Day is meeting a number of ladies at the Y. M. C. A. building to discuss the matter and value of assistance that the ladies can be in association work.

Further plans are rapidly taking shape in arranging for the informal supper which is to be given to an invited group of men Tuesday evening from 6 p. m. on. The ladies are giving most hearty assistance in this matter and a very enjoyable occasion is awaiting those invited.

A VERY STRONG SHOWING

The Report of the First National Bank of Brainerd Shows Institution to be Very Solid

The report of the condition of the First National bank of Brainerd, made pursuant to the call for a report from all the National banks in the United States, showing conditions at the close of business on the 3rd day of December shows that institution to be one of the strongest, even if not one of the very largest in the state of Minnesota. The report shows aggregate resources and liabilities of \$961,411.22. The fact that the surplus and undivided profits exceed the capital stock by \$9,694.40 shows that the bank has been doing a profitable business, while the fact that it had over \$100,000 in cash on hand shows it is doing a safe and conservative business. It certainly is an institution in which Brainerd can well take pride.

Public Speakers Interupted

Public speakers are frequently interrupted by people coughing. This would not happen if Foley's Honey and Tar were taken, as it cures coughs and colds and prevents pneumonia and consumption. The genuine contains no opiates and is in a yellow package. H. P. Dunn. mwf

The booklet being put out is a handsome sixteen page affair, illustrated with fine cuts, and is the product of THE DISPATCH printery.
